

The 2012 Supplement to the *African Violet Master List of Species and Cultivars*

This is the 2012 supplement to the *African Violet Master List of Species and Cultivars* (AVML, formerly MVL). This supplement includes all cultivars appearing in the 2012 Registration Reports, descriptions of non-registered cultivars provided by hybridizers during that same period, and changes to previous listings. The AVML and its supplements provide a timely, concise, and accurate tool for classifying, judging, and exhibiting African violets.

The database is available in electronic format as the “First Class” computer program for Windows®. It includes photographs of many of the cultivars. Current price is \$27.50, including six months of on-line database updates. Contact the Beaumont office to order.

Send corrections and/or hybridizer’s descriptions of cultivars to Joe Bruns, 1220 Stratford Lane, Hanover Park IL 60133-2667, or e-mail jbruns@qwip.net.

Compiled by Joe Bruns, Plant Registration and Master Plant List Committee Chairman

- ‘**Allegro Wee Whimsy**’ (J. Stromborg) Semidouble lavender wavy pansy/darker veins in top petals. Dark green, heart shaped, scalloped/red reverse. **Standard**
