

**Tour 3: Beautiful Blooming Atlanta and Dinner Tour**  
**Friday, June 2, 5:00 p.m. to 9:00 p.m.**  
**Cost: \$46.00**

We will board the bus at 5:00 p.m. at the Sheraton and travel to [Ponce City Market](#) for dinner. Dinner is on your own. The Market has a huge food court with high-quality, locally-owned restaurants and eateries. At around 6:15-6:30 p.m. we will again

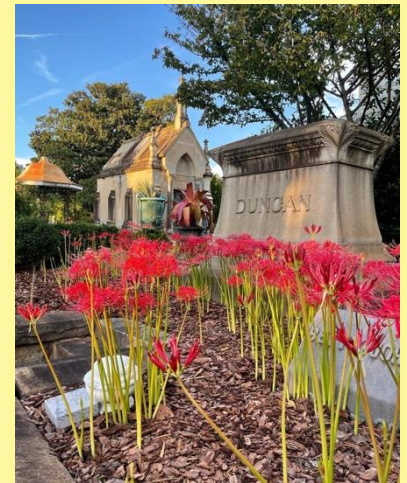

board the bus. At this time, a tour guide will join us. We will enjoy Atlanta's most beautiful in-town garden neighborhoods while learning about the history, art, and culture of this amazing southern city. Guests will ride through Inman Park and Cabbagetown, separated only by railroad tracks; one side of the tracks was home to affluent Atlantans, while the other side housed railroad and mill workers. Both neighborhoods today are visually impressive, including gorgeous Victorian homes, colorful shotgun houses, folk art, gardens, and murals.

Guests will also visit Atlanta's famous Oakland Cemetery, filled with gardens, history, art, and architecture. Oakland is officially a Victorian Garden Cemetery. Do not miss this opportunity to ride through one of the most popular event facilities and destinations in the city!

We'll also stop at the Martin Luther King, Jr. Historic National Park, dedicated to the life and legacy of Dr. King. Guests will have an opportunity to visit the gravesite of Dr. King and one of only ten International Peace Rose Gardens in the world.

Finally, we'll head to the Jackson Street Bridge to witness the sunset behind the downtown skyline. This bridge is the #1 photographed site in the city of Atlanta. When the sun is setting, this is the #1 destination, even for the locals.

The only time one needs to get off the bus is for dinner.

This tour is designed for anyone who loves beautiful neighborhoods, architecture, gardens, history, art, and top-notch storytelling!
