You'll find over 1,700 species carefully cultivated across themed gardens and natural landscapes. It's a place where nature, art, and science converge, offering visitors of all ages an immersive outdoor experience.

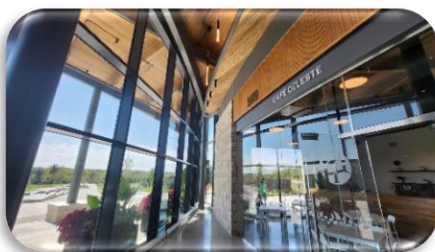

The tour begins at the hotel where you'll take a short coach trip to the gardens. From there your options abound. You can choose a one hour guided walking tour or a one hour guided golf cart tour. Before or after your tour, you will be able to wander the grounds on your own.

Nearly six miles of paved and wood chip hiking trails wind their way through the Overland Park Arboretum & Botanical Gardens. The easiest of strolls are on the paths and sidewalks throughout the gardens. There are benches along the paths and walkways that are ADA compliant for accessibility. The trails cross Wolf Creek, a major tributary of the Blue River, with two 75-foot bridges.

The Arboretum also offers visitors a chance to view and experience a variety of ecosystems and local plant species in 180 acres of open prairie area.
